### Wireless Message Travels 4,000 Miles

The operator at the wireless telegraph station of the Mare Island navy yard recently picked up messages exchanged between Key West, Fla., and Norfolk, Va. The distance from Mare Island station to Key West is nearly 4,000 miles. Transmission wirelessly over a distance as great as this is considered quite an achievement, even over water. In the present case, however, the message was transmitted over land, and had to cross the Rocky Mountains before reaching the antenna at Mare Island. It may therefore be considered a phenomenally long wireless transmission made possible by unusually favorable conditions of the atmosphere. Transcontinental wireless telegraphy is still a thing of the distant future.—Scientific American.

### HERE TO STAY.

Since the work on the cement plant first began, over four years ago President A. L. Beck has spent most of his time at Ada and has been identified with every movement that looked to the upbuilding of Ada. He recently completed the remodeling and enlarging of his residence on 17th and Broadway and it is now the finest residence property in the city. However, he has maintained his home at Huntington, Indiana, and he and his family have spent a small part of their time there. Yesterday he stated to a representative of the News that he had so to speak "burned the bridges behind him. He has closed his Indiana home and moved his furniture to Ada and will henceforth remain here. Ada has no more progressive citizen than Mr. Beck, nor one who has the interests of the city more at heart. He takes a very optimistic view of the city's future and predicts that the population of the town will double in less than five years.

### BIG INCREASE OF TICKET SALES ON THE O. C.

The ticket sales are three times as great now on the O. C. at this place as they were before the regular passenger train was put on making the distance from here to Chickasha four hours. The new depot is being completed rapidly and the finishing touches expect to be put on next week. It will be the most modern and inviting depot in the city, by far.

## POPULATION WILL BE ANNOUNCED SATURDAY

A bulletin issued by the census bureau states that the final figures for the states will be given out Saturday at noon. Most of these have already been given out and by Saturday it is probable that only three or four will be missing. After that will follow the announcement of the population of smaller cities.

### Building in the Country.

One of the most encouraging signs of the times is the large amount of building going on in the rural communities. The lumber dealers of Ada say that their sales to the country people are the best on record. A sure sign that Pontotoc county is coming to the front in every way and that it is but a question of a very few years until it can boast of as fine country residences as any place on the map.

## SCRAPPING OVER CAPITAL BILL

LENGTHY DISCUSSION OF MEASURE IN THE SENATE.

Oklahoma City, Ok., Dec. 6.—After a several hours' continuous session the senate's committee on state capital location is tonight apparently no nearer an agreement than it was the first day of the extra session.

Numerous local delegations were before it with a view of submitting a proposition that would meet the committee's wishes. I. M. Putman was also there, explaining the advantages of the site which Gov. Haskell's state capitol commission selected following their appointment in June. It is understood that Mr. Putman declines to give the guaranty urged by the senators, stating that the offer of 1,600 acres of land and \$100,000 in cash was as good as could be made. Putnam gave it as his belief that the lot sales would produce \$1,600,000 for state capitol purposes.

Frankly, however, members of the committee question that judgment, and believe that the vast amount of town lot property between Oklahoma City and the site would be in hard competition with the capitol lots.

It may be said as a fact that a site possessing no guaranty will not appeal to the committee; neither will the senate consent to placing the state in the real estate business. A free capital building was promised in the special election and the word has gone out tonight that it must be forthcoming, or there will be no location bill with the emergency clause. Some of Gov. Haskell's friends have declared that a bill minus the emergency clause will not be approved.

It was proposed to a citizens' committee which called on the senators that the town float bonds in the sum of \$1,000,000 to be given to the state, and in addition an area of ground in the city of not to exceed

two and a half or three miles from the Rock Island depot. The idea was acceptable to most of the local committee, but it was discovered that a decision of the supreme court in the Guthrie case precluded such a bond issue for purposes other than the city. It was held that a municipality could not make such an obligation and dedicate the purposes to the state, for instance.

The senate committee has before it now an offer to employ the school section north of town, which the promoters agree to take over, if possible at \$300,000 to satisfy the lessees on their improvements, and give to the state the required \$1,000,000 in consideration of which the capitol building shall be placed there. Some of the senators believed the tract should bring more than \$300,000 to the school fund, and if the promoters can see their way clear to add another \$75,000 or \$100,000 that offer will probably be accepted. Another offer in prospect tonight is the Culberson tract, northeast of the city.

### Woman Will Publish Daily for Children.

To publish a daily newspaper devoted to the interest only of children is the idea of Mrs. Ida Clyde Clark of Nashville, Tenn. Mrs. Clark intends to call her paper the National Children's Daily, and if it becomes a reality it will possibly be the first daily paper of its kind ever attempted.

Mrs. Clark will publish her paper five days of the week, and she has secured the co-operation of four other women of the city who have the practical newspaper experience to take charge of the various departments.

Mrs. Clark is quoted as saying her idea is to give the children the morning news of the world in a language that they can understand, and news of crime and other subjects of the kind will be excluded.

## ANOTHER RURAL TELEPHONE LINE

Henry Kroth informs us that he and other farmers in the Hird community are working up another telephone line to connect them with Ada. Only a year or two ago there was practically no wire communication with any place in the county off the railroad, but now a net work of telephone wires covers most of the county and the farmers are as much in touch with the outside world as any town. To say the least it is a great convenience to all parties concerned.

### Why Country Editors Get Rich.

After a great deal of worry and study we have at last figured out how so many country editors get rich. Here is the secret of their success. There is a child born in the neighborhood. The attending physician gets \$10. The editor gives the loud lunged youngster a great sendoff and gets \$0. It is christened, and the minister gets \$5 and the editor gets \$00. It grows and marries. The editor publishes another long winded, flowery article and tells a dozen lies about "the beautiful and accomplished bride." The minister gets \$10 and a piece of cake. The editor gets \$000 and a request to carry the groom's subscription account another year. In the course of time she dies. The doctor gets from \$5 to \$100, the minister gets another \$5, the undertaker gets from \$5 to \$100, the editor publishes a notice of death and an obituary two columns long, lodge resolutions, a lot of poetry and a card of thanks and gets \$0,000. No wonder so many country editors get rich!—Exchange.

### Will Run Truck Farm.

F. H. Gill, late of Willis, Okla., was a visitor at the News office this morning. He is impressed with the possibilities of Pontotoc county as a fruit and truck growing section, and being a veteran in that line, plans to purchase a small tract near Ada and engage in the business of supplying the Ada market. Those of us who have such a hard time getting fresh vegetables and such things, wish him the abundant success which we think a man can make here.

One attractive thing about the  
Byrd's Mill extension is the fact that  
once in operation the expense of  
pumping will amount to practically  
nothing. The hydraulic rams that  
will be installed will operate them-  
selves and the expense of pumping  
a million gallons per day will amount  
to no more than the cost of one hun-  
dred thousand gallons. As matters  
stand at present the more water  
pumped the greater the cost. It will  
require \$7,000 to pay the pumping  
bill for the town next year if the  
town depends on the reservoir, where  
as, \$500 will easily cover the expense  
of looking after the rams that will  
be used to pump the supply from  
Byrd's Mill to Ada.

Beauty is a strong asset in this  
old world. Its beautiful flowers  
that are cared for, while the plants  
less favored by nature are left to  
themselves. Many a stray dog and  
cat has found a comfortable home be-  
cause of some mark of beauty. The  
beautiful woman has many advan-  
tages over the plain one in every  
walk of life. However, the same rule  
does not often apply to men, for  
from our observation few women se-  
lect their husbands on account of  
any marked degree of handsomeness.  
Usually the most beautiful girl is  
captured by the sorriest looking cuss  
in the community.

Even with the present small  
consumption of water it costs Ada  
\$7,000 per year to pump from the  
reservoir. At the present rate of in-  
crease this will in the near future  
amount to \$10,000. The interest on  
the \$150,000 bond issue needed to go  
to Byrd's Mill will, at 5 per cent  
amount to only \$7,500 per annum.  
The increased consumption of water  
in Ada will not only provide for the  
sinking fund, but will yield a hand-  
some profit.

A merchant coming to Ada with  
a \$500 stock of shelf worn shoddy  
goods would soon go to the wall. He  
could not make headway against the  
ones who carried big stocks of first-  
class goods. Similarly the present  
inadequate supply of water will al-  
ways leave the city in the hole when  
it comes to making expenses even.  
To make the system self-sustaining  
and profitable the city must provide  
water that the people can use and  
will want. No method can be sug-  
gested that will absolutely insur-  
this except the Byrd's Mill exten-  
sion.

December 22 is the shortest day of  
the year, and Ada people will on  
that date make short work of the  
shortage in the water supply of the  
city.

The greatest obstacle in the way  
of economical government lies in the  
fact that every legislator wants the  
other fellow to be economical.

## An Expression of Our Appreciation.

how grateful we feel to our neigh-  
bors and friends for your kindness,  
sympathy and thoughtful attentions  
during the protracted sickness and  
death of our daughter, Mrs. Mossie  
Carpenter. Words cannot adequately

We will ever hold in grateful mem-  
ory your kindness and pray that you  
may be sustained in every hour of  
need.

I wish to join Mr. and Mrs. Hill in

the sickness and death of my be-  
loved wife. Although we were stran-  
gers in your community, your atten-  
tions were as thoughtfully and kin-  
dly rendered as if one of your own  
relatives had been sick.

I wish also to personally thank  
the ministers for their comforting  
words and services in the burial  
rites.

## Summary of President's Message.

Washington, Dec. 6.—The outstand-  
ing features of President Taft's mes-  
sage sent to congress today are these:

He declares it is time to stop legis-  
lating with reference to regulation  
of corporations and to witness the ef-  
fect of a vigorous execution of the  
laws already on the statute books.  
The exact limitations upon business  
methods imposed by law will doubt-  
less be made clearer by pending de-  
cisions of the supreme court.

Just at this time, the president  
says, he believes the activities of the  
government in addition to enforce-  
ment of the laws should be directed  
toward economy of administration, to  
enlargement of opportunities for for-  
eign trade, the building up of home  
industry and the strengthening of  
confidence of capital in domestic in-  
vestment.

Mr. Taft recommends strongly  
some form of ship subsidy to in-  
crease American shipping especially  
to South America.

The tariff board is not ready to  
submit a report on any of the sched-  
ules of the Payne law, and Mr. Taft  
says he will not recommend any tar-  
iff legislation until the new congress  
convenes in December, 1911. He urges  
that the tariff board be made perma-  
nent and that all future revisions be  
made schedule by schedule. He vig-  
orously opposes another general re-  
vision.

The Panama canal should, by all  
means, be fortified. An appropriation  
of \$19,000,000 is recommended for this  
purpose.

There must be no more "pork bar-  
rel" methods in river and harbor and  
public building bills. The latter  
should be based upon the report of  
an commission of experts. In the  
past congress has appropriated too  
much for buildings not needed and  
not enough for buildings badly need-  
ed.

Recommendation for anti-injunc-  
tion and federal incorporation laws  
are renewed.

It is proposed that second-class  
mail rates shall be readjusted so as  
to charge magazines a much higher  
rate on their advertising sections.

Strong representations are made  
for the establishment of a new bank-  
ing and currency system.

Two new battleships and several  
auxiliary vessels are urged for the  
navy.

The president recommended that  
coal, phosphate and oil lands and wa-  
ter power sites be disposed of in the  
future by leasing.

Estimates for government expen-  
ditures during the next fiscal year  
have been cut to \$630,494,013.12,  
which is \$52,964,887.36 less than the  
actual appropriations for the current  
year. The estimated receipts for the  
next fiscal year are \$680,000,000.

The president urges the extension  
of the civil service principle to all  
classes of postmasters and to the dip-  
lomatic and consular corps and the  
acquisition by the government of  
residences and offices for its diplo-  
matic officers.

Some criticisms of the Payne tar-  
iff act are just, says the president,  
but more are unfounded.

There should be more officers for  
the army. The engineer corps should  
be increased by sixty.

Regarding the Panama Canal the  
president says:

"The progress of the work is most  
satisfactory. It will be completed  
well within the time set, Jan. 1,  
1915, and within the estimated cost  
of \$375,000,000. The slides in Cule-  
bra Cut offer no great reason for de-  
lay."

Failure to fortify the canal would  
leave the United States powerless to

### HEARD FROM

#### A Lady Who Lives in Goldsboro Joins in the Chorus of Praise for Cardui, The Woman's Tonic.

Goldsboro, N. C.—"A physician treat-  
ed me for many distressing symptoms,"  
writes Mrs. Etta A. Smith, "but gave  
me no relief.

"I suffered with neuralgia around the  
heart and was troubled at times with my  
head. I had pain in my left side, bowels,  
left thigh, shoulders and arms.

"After taking Cardui, I am now well  
and can recommend it to other suffering  
women."

Just such doubtful symptoms, as those  
from which Mrs. Smith suffered, are the  
ones for which it will pay you to take  
Cardui, the woman's tonic.

It is at such times, when there is noth-  
ing to show, for certain, the real cause of  
the trouble, that you need a tonic, to give  
the body strength to throw off the illness  
that evidently threatens.

Take Cardui, when you are ill, with  
the ailments of your sex. Take Cardui  
as a tonic, to prevent illness, when you  
feel it coming.

Your druggist keeps it.

enforce the universal and equal use  
of the waterway against a desperate  
and irresponsible enemy and would  
defeat the object of the canal in in-  
creasing military effectiveness of the  
American navy.

Interstate railroads should be pre-  
vented from owning or controlling  
ships trading through the canal.

Regarding the courts the presi-  
dent declares the crying need of the  
United States is cheapening the  
cost of litigation by simplifying ju-  
dicial procedure and expediting final  
judgment.

Postal savings banks will be es-  
tablished in a number of cities Jan.  
1. A parcels post on rural routes is  
recommended. Postmaster General  
Hitchcock is given high praise for  
putting the Postoffice Department on  
a self-sustaining basis.

The president recommends that  
congress give some fitting recogni-  
tion of the polar discoveries of Com-  
mander Robert E. Peary. The secre-  
tary of the navy suggests that  
Peary be made a rear admiral and  
placed on the retired list.

The stupendous value of the agri-  
cultural products, amounting to \$8-  
926,000,000 this year, indicates a good

prospect for business throughout the  
country.

Heavier fines should be imposed  
against steamship companies for vic-  
lating the immigration laws. The  
facilities at Ellis Island, N. Y., should  
be not so increased as to offer in-  
ducement to the steamship companies  
to concentrate their immigrant bus-  
iness at one port. Immigrants are  
needed in the rural districts.

Some provision should be made for  
retiring superannuated government  
clerks.

The only amendments suggested in  
the interstate commerce law are an  
appropriation to enable the inter-  
state commerce commission to ascer-  
tain the valuation of roads and fix-  
ing the responsibilities of public car-  
riers in the issuance of bills of lad-  
ing.

Rev. Ragsdale of Francis, who vis-  
ited Ada for the first time yesterday  
expressed himself as being agree-  
ably surprised at the magnitude of  
our city, the excellent school build-  
ings, and in short, the progressiv-  
ness of the place in general.

Deep-seated coughs that resist or-  
dinary remedies require both exter-  
nal and internal treatment. If you buy

# Quality

QUALITY is the thing of greatest importance in medicine. Without it the best efforts of the physician fail to produce the proper results.

## QUALITY

That is the reason for our insistence in getting prescription drugs of finest quality—of tested purity. It is because of our carefulness in this regard that our label on a prescription is a guarantee of goodness.

## SUSPECTED OF HORSE STEALING

This afternoon John Burns arrived from Stonewall with two men giving their names as Green and Will Lloyd and their homes as Hazel. They were found last night at Stonewall by Mr. Burns with a pair of fine horses in their possession. Not being satisfied with their conduct, Burns arrested the men on suspicion of having stolen the animals. They were placed in jail to await developments.

### Funeral of Miss Ollie Wilson.

The funeral services of Miss Ollie Wilson were held at the Methodist church this afternoon at 3 o'clock. Revs. E. M. Sweet and J. D. White conducted the service and Rev. Davis, who lives near the home of the deceased paid a feeling tribute to her many beautiful traits of character and her life. At the conclusion a large number of friends followed the remains to their last resting place at Rosedale cemetery.

### WANTED.

Good home, board and clothes for an orphan boy in my charge about 17 years old, for period of one year or longer. He is white, steady, reliable and industrious. Will care for horse, cow and garden, and do other chores. No wages required, but must attend school and Sunday school regularly. Home without large children in or near Ada preferred. Conway O. Barton, County Judge. 208-3td

### A Correction.

Supt. Robison informs us that our information regarding the condition of the boiler at the south school building was entirely erroneous. The heating apparatus at that school was not put in by the same firm that placed the one in the north school, and is in perfect condition.

### Sheriff Smith's Double.

According to Commissioner Short a picture man is traveling over the county who bears such a close resemblance to Sheriff Tom Smith that he is taken for that popular official wherever he goes. As it happens that man's name is Smith too.

### Notice of Sheriff's Sale.

Notice is hereby given that by virtue of the judgment and order of the District Court of Pontotoc County, State of Oklahoma, entered on the 26th day of November, 1910, in a certain action pending in said court, being Number 540 on the docket thereof, wherein J. R. Greenlees is plaintiff and P. T. Gilson is defendant, commanding me, as sheriff of said Pontotoc county to sell, at public outcry, the following described personal property, to-wit:

One stationary engine and boiler.  
One drive belt and steam and water piping connecting boiler and engine.  
One derrick complete, with pulleys, beams and roping.

Three drill stems.  
One blacksmith blower.

One pair large shaft wrenches.  
Eleven drill bits.

Six pipe clamps for casing.  
Two coils of wire rope.

One hundred one joints well casing, various sizes and lengths.  
Four sand pumps.

Forty-two pieces iron pipe assorted sizes.

Four sets drill jars.

All the buildings enclosing the engine, band wheel, belt, shaft and base of derrick.

Sundry pieces of iron including jack spears; to satisfy a judgment foreclosing an attachment lien on said property rendered in the above styled and numbered action, for the sum of Twenty one hundred and fifty one-hundredths dollars and the costs of said action and of this sale.

I will on Friday, the 9th day of December, 1910, at the court house door, at the City of Ada, Pontotoc county, Oklahoma, at the hour of ten o'clock a. m. of said day, offer for sale and sell the above described property to the highest bidder for cash in hand.

Witness my hand, at Ada, Oklahoma, this 28th day of November, 1910.

T. J. SMITH,  
Sheriff Pontotoc County, Okla.

By A. L. MILES, Deputy.  
200-10t—1st Pub. Nov. 28.

#### FOR CATARRH.

#### Medicine Free In Every Case Where It Fails to Relieve.

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Mucu-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Mucu-Tone comes in two sizes, 50 cents and \$1.00. We urge you to try it. Remember you can obtain Rexall Remedies in Rochester only at our store—The Rexall Store. The Gwin & Mays Co.

#### MAKES WORK EASIER

#### Ada People Are Pleased to Learn How It Is Done

It's pretty hard to attend to duties with a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work easier.

They cure backache. They cure every kidney ill. Charles Luther, Main St., Sulphur, Okla., says: "I can certainly recommend Doan's Kidney Pills, as I have used them with good results. During the past fifteen years my work obliged me to be on my feet the greater part of the time and this strain finally weakened my kidneys. About a year ago I suffered from a constant, dull ache in my kidneys and loins, could not sleep well and was very nervous."

As I had often heard Doan's Kidney Pills highly spoken of, I decided to give them a trial and procured a box. The relief I received from their use within a week was remarkable and the contents of several boxes restored me to good health. Doan's Kidney Pills did more for me than I expected and I have since felt better in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
